hi.

Here we are: three decades of being that cozy place where families can huddle up when life throws a curveball. I promise you, it's been one wild ride, and we are coming out of the other side stronger and leaner thanks to our incredible Nebraska community committed to helping countless families during their toughest times.

So, let's dive into "The Book." It's like our playbook, and you're the star player. Inside, you'll find all the ways you can pitch in – volunteering, donating, and even organizing your own fundraisers. It's like a choose-your-own-adventure, but with way more heartwarming moments and way less getting lost in a dark cave.

Now, for the grand plan – our vision for the next 30 years. We've demonstrated over the last 30 that we are not just about keeping our doors open; we're about flinging them open even wider. We want to make sure that no family facing the toughest times is ever turned away, especially in Nebraska.

Over the next few decades, we're amping up our commitment to be there for families, just like we've always been. We're thinking bigger, reaching higher, and maybe even adding a new roller coaster... because why wouldn't we? And we want to continue to build with you, with your help, your support, and your superhero capes flapping with ours, shoulder to shoulder.

As you flip through "The Book," take a moment to see how you can join the team. Whether it's a few hours of your time, a generous donation, or spreading the word about the House, you've got the power to make a difference. Let's write the next chapters together, filled with laughter, hope, and the warmth of a Happy Meal on a rainy day.

Thanks a million (pop tab pun intended) for being part of our journey, for your boundless generosity, and for sharing a laugh with us. Here's to another 30 years of making a world of difference, one smile at a time.

With laughter and gratitude,

Lindsey Rai Kortan

our house.

Ronald McDonald House Charities in Omaha (RMHC) provides the essential elements of home, inclusive of a warm bed, a hot shower, laundry facilities, transportation to and from the hospital, and regular nutritious meals to sick children and their families utilizing any of the area's world-class medical care facilities.

To qualify for a stay at Nebraska's only Ronald McDonald House, families must live at least 35 miles away and have a child (up to age 21) currently receiving treatment at any medical facility in the area. Families may stay up to 15 months, or as long as necessary until their child is discharged from care. Families are referred to us by their medical provider or a hospital social worker. Below is a list of just a few of our partners:

- **Simon Says Birthday Party Project** celebrates monthly birthdays for children and parents.
- **Capitol Beauty School** provides haircuts in a safe and convenient manner, especially for those undergoing chemotherapy.
- **Therapy Dogs** Shasta and Ralphie offer invaluable in-person support.

House Refresher

Our House Refreshers help us with a variety of responsibilities around the House including cleaning, organizing, sorting the pantry, and other tasks.

Yard Work & Gardening

Like many homes, our yard benefits from the love of some helping hands. If you have a green thumb, love to work outside, or have an interest in gardening, this is the opportunity for you.

Pop Tab Program

Our community helps us collect pop tabs to help pay our electric bill. After those tabs are collected, we need help weighing pop tabs and then taking them to the recycling center.

Community Events

We have a variety of community events throughout the year. These events all require volunteer help with set up, event assistance, and tear down.
